## DIRECTORATE OF CASHEW RESEARCH

(Indian Council of Agricultural Research)

Darbe P.O., Puttur - 574 202  
Dakshina Kannada, Karnataka

Prof. P.L. Saroj  
Director

### PREFACE

The Directorate of Cashew Research, Puttur (Karnataka) is a unit under Indian Council of Agricultural Research (ICAR), New Delhi established in 2009. It is an apex institute in the country to take up research and extension work on cashew. For development of location and situation specific varieties and technologies, All India Coordinated Research Project on Cashew is also under operation at 14 centers located in Karnataka, Kerala, Maharashtra and Gujarat in the West coast; Andhra Pradesh, Orissa, Tamil Nadu, and West Bengal in the East coast and in Chhattisgarh and Jharkhand in non-traditional cashew growing area besides sporadic cultivation in NEH region. The mandate of the Directorate is as follows:

- To undertake strategic, basic and applied research for enhancing productivity, quality, processing efficiency and value addition of cashew.
- To serve as a national repository of genetic resources and scientific information on cashew.
- To coordinate All India Coordinated Research Project on Cashew for addressing location and region specific problems.
- To promote capacity building through transfer of technology and consultancy services to stakeholders.

Cashew is an important horticultural crop of our country with high demand in national and international markets. However, productivity is low. This is due to various factors viz., large area under old and senile plantation, mostly seedling in origin, grown on degraded lands, improper management etc. Farmers are not well aware of latest production technologies. Updating of knowledge and skill on cashew production and processing technologies are essentially required by officials of state development agencies, extension workers and farmers. This necessitates capacity building of all those involved in cashew cultivation. The detail of various training programmes along with nomination form is given in this training schedule.

I wish that the research and developmental personnel and farmers from different states of the country would effectively utilize the facilities/services offered by this Directorate for the growth and development of the cashew in the country.

PUTTUR

  
(PL SAROJ)

## TRAINING SCHEDULE

### 1. SOFTWOOD GRAFTING TECHNIQUE IN CASHEW (SGTC)

<b>Objectives</b>	:	To impart skill in cashew grafting and knowledge on nursery management techniques.
<b>Key contents</b>	:	Production and maintenance of rootstock seedlings, maintenance of scion bank, production of scions, technique of grafting, maintenance of grafts and overall nursery management techniques.
<b>Methodology</b>	:	Classroom lecture, skill practice in nursery, visit to private nursery and group discussion.
<b>Duration</b>	:	Two days
<b>Schedule</b>	:	September-October
<b>Number of seats</b>	:	20
<b>Venue</b>	:	Both at Kemminje and Shantigodu campuses of DCR Puttur
<b>Course Fee</b>	:	Rs 1500/- per trainee (to be paid in advance)

### 2. INTEGRATED PEST MANAGEMENT IN CASHEW (IPMC)

<b>Objectives</b>	:	To impart knowledge and skill in integrated management of cashew pests.
<b>Key contents</b>	:	Introduction to cashew and its major pests – Tea Mosquito Bug and Cashew Stem and Root Borer. Identification of pests, symptoms of attack and IPM techniques. Minor and regional pests and their management.
<b>Methodology</b>	:	Classroom lecture, hands-on training in laboratory and field demonstrations.
<b>Duration</b>	:	Two days
<b>Schedule</b>	:	September-October
<b>Number of seats</b>	:	20
<b>Venue</b>	:	Both at Kemminje and Shantigodu campuses of DCR Puttur
<b>Course Fee</b>	:	Rs 1500/- per trainee (to be paid in advance)
<b>Last date for receipt of nominations</b>	:	November 01

### 3. CASHEW PRODUCTION TECHNOLOGY (CPT)

<b>Objectives</b>	:	To impart knowledge on improved cashew cultivation practices.
<b>Key contents</b>	:	Released and recommended varieties of cashew, grafting technique and nursery management in cashew, establishment and management of cashew orchards, training and pruning in cashew, insect pests of cashew and their management, quality and post-harvest processing of cashew, cashew apple utilization and cashewnut processing, Cashew statistics and transfer of technology in cashew.
<b>Methodology</b>	:	Classroom lectures, visit to experimental plots, cashew demonstration plots, private nursery, cashew processing industry and group discussion.

<b>Duration</b>	:	Three days
<b>Schedule</b>	:	January-February
<b>Number of seats</b>	:	20
<b>Venue</b>	:	Both at Kemminje and Shantigodu campuses of DCR Puttur
<b>Course Fee</b>	:	Rs. 2,750/- pre trainee

**Note:**

- Course fee include training material, stationery, honorarium to faculty and institutional charges.
- **Expenses on food and lodging have to be borne separately by the sponsoring organizations.**

#### 4. Special Training Programmes (On request)

Reputed research and development institutions and farmers' organizations can avail the training facilities at DCR (on specific request from the user organizations) at a time schedule mutually convenient to both the organizations on the following topics:

1. Integrated Pest Management in Cashew (IPMC)
2. Cashew Production Technology (CPT)
3. Cashew Nut Processing (CNP)
4. Utilization of Cashew Apple (UCA)

Training programme	Duration	Suitable time schedule	Fee (in Rs.)
Integrated Pest Management in Cashew: 20 trainees/batch	2 days	November-December January-February	Rs. 30,000/- (Rs. 1500/trainee)
Cashew Production Technology Special Course]: for minimum of 10 trainees/batch	3 days	January-March	Rs. 46000/- for a batch of 10 persons or less. For batches above 10 persons, Rs. 4600/trainee will be charged.
Cashew-nut Processing: for minimum of 10 trainees/batch	5 days	December-January February-March	Rs. 42000/- for a batch of 10 persons or less. For batches above 10 persons, Rs. 4200/trainee will be charged.
Utilization of Cashew Apple: for minimum of 10 trainees/batch	1 days	January-March	Rs. 14000/- for a batch of 10 persons or less. For batches above 10 persons, Rs. 1400/trainee will be charged.

## GENERAL INFORMATION

### **Location**

DCR is located in Puttur, a town at Dakshina Kannada district of Karnataka. Puttur is well connected by road and rail. It is 50 kms from Mangalore, 210 kms from Mysore and 325 kms from Bangalore. DCR campus is located 5 km away from Puttur bus stand in a place called "Mottethadka". From Puttur bus stand hired auto service is available to DCR. The 'Kabaka Puttur' railway station (Code: KBPR) is 6 kms from DCR and has trains plying to Bangalore, Mangalore, Karwar and Kannur. The Experimental Station, Shantigodu of this Directorate is located at a distance of 13 kms from the headquarters.

### **Eligibility**

- **Softwood Grafting Technique in Cashew**

Field level staff (malies/gardeners/garden supervisors) of development departments and private nurseries and farmers only.

- **Cashew Production Technology**

Personnel working in the middle level management in development departments, State departments of agriculture/horticulture/cashew forest development corporations with working Knowledge in English.

- **Payment of course fee**

The course fee will have to be paid by the participant in advance by Demand draft drawn in favour of "ICAR UNIT, DIRECTORATE OF CASHEW RESERACH, PUTTUR" payable at State Bank of Mysore, Puttur, D.K., Karnataka (Bank code no.40152) or at State Bank of India, Puttur, D.K., Karnataka (Bank code no.4270); or any bank having branch at Puttur, D.K., Karnataka.

### **Boarding and Lodging**

Accommodation for the participants will be arranged in hotels at Puttur town on prior request. Good hotel service is available in Puttur. **Expenses on travel, lodging and boarding will have to be borne by the organization, to which the trainee belongs.**

### **Nomination**

Proforma for nominations of candidates is given as Annexure. Nominations for the courses to be sent before the respective last dates to:

Director,  
Directorate of Cashew Research,  
Puttur - 574202, D.K., Karnataka.  
Phone: off.: 08251- 231530, EPABX: 08251 – 230902, 236490  
E-mail: dircajures@gmail.com, dircajures@yahoo.com, dircajures@rediffmail.com

For any details contact: Dr. Sajeev, M.V., Scientist (Agri. Extension) & Training Coordinator,  
Mobile: 9483533755

**PROFORMA FOR NOMINATING CANDIDATES**

1. Title of the training course :

2. Name of the candidate(s) :

3. Parent organization :

4. Postal Address :

5. Date of Birth :

6. Present Post held :

7. Educational qualifications :

8. Experience :

9. Particulars of course fee remitted:

DD NO:

DATE:

Name of the bank:

10. Signature and address of the nominating authority:

Place :

Date :
