The Proceedings of the technology meet on commercialization of Cashewnut Hybrid : H-130

ICAR-Directorate of Cashew Research, Puttur has organized a technology meet for on commercialization of Cashewnut Hybrid: H-130 held on 25.02.2020 at 11.00 AM in the Committee room, ICAR-DCR, Puttur under the Chairmanship of Dr M Ganagadhara Nayak, Director (Acting), ICAR-DCR, Puttur. Following officials and nurserymen involved in cashew propagation attended the meeting.

In the beginning, Dr. M. G. Nayak Director ICAR-DCR, Puttur welcomed the all participants for the technology meet for on commercialization of Cashewnut Hybrid: H-130. He explained all the participants about characteristics, growth habit and yield performance of Cashewnut hybrid i.e., H-130 developed by ICAR-DCR. Latter all the participants visited demonstration field of H-130 and market demand for H-130 hybrid was discussed and the following decisions were taken.

- **Licensing fee for the cashew hybrid was fixed as Rs. 10 lakhs for the period of 10 years for single non exclusive license. However this fee can be negotiated between clients and ICAR-DCR.**
- **Two or more people can join together and can take the commercialization license from ICAR-DCR. But only one license is issued to such a group. However, all the sales has to be done under single bill in this case.**
- **All the participants are requested to give their opinion to ICAR-DCR on or before 10.03.2020. So, that commercialization of H-130 is accelerated.**

The meeting was concluded by 12.30 PM.
